New joint receiver appointed in Saab insolvency

Kent Hägglund was appointed on Thursday as a joint receiver in the Saab insolvency. The other receivers are Hans L. Bergqvist from Delphi and Anne-Marie Pouteaux from Wistrand, both of whom were appointed previously. Kent Hägglund is a lawyer at the firm DLA Nordic and has a solid background in insolvency law and a particular focus on intellectual property rights.

- During the administration of the insolvency, we have become aware that a conflict of interest may arise for us both in administering matters concerning the SAAB trademark, the griffin figurative trademark, the company name Saab and related issues, say Anne-Marie Pouteaux and Hans L. Bergqvist.

- For this reason we proposed that a joint receiver be appointed to handle these matters. Kent Hägglund has managed a large number of insolvencies during his 35 year career. He also possesses the specific knowledge in intellectual property rights which we deem necessary to handle these complex issues.
